

## BOSS STOUT WILL BUILD IT.

Awarded the Contract For Lancaster County's Court House.

## A COLD WATER CROWD GOING.

Items of News Gathered at the State House—The University Cadets Start For the Camp at Wyomere—Brief Mentions.

LINCOLN BUREAU OF THE OMAHA BEE, 1029 P STREET, LINCOLN, MAY 18.

The board of county commissioners passed the greater part of to-day in consideration of the bids for the new Lancaster county court house. The result is that the board unanimously found the bid of W. H. B. Stout the lowest and best, and awarded the contract to him. In awarding the contract the board reserves the right to select the quality of stone to be used. The bids of Mr. Stout were for Ohio blue stone, \$100,476.43, and for Colorado red sandstone \$100,476.42, a difference in favor of the red stone of \$3.00. The board of county commissioners will go at once to Chicago, Fort Collins and Denver to inspect the red stone quarries, and expect, before deciding, to also make a critical examination of the Ohio stone. The red stone from the Colorado quarries has of late been introduced to some extent in this city and seems to be greeted with favor. It will not be the particular quality of stone that will please or displease the public so much as the fact that the second county in the state is to have a court house commensurate with its greatness.

**PHOEBUS PREPARED TO JOURNEY.**  
The leading prohibitionists of the state have been perfecting arrangements to visit the national prohibition convention at Indianapolis in large numbers, and to this end they have secured a special train over the Missouri Pacific and Vandalia lines to make the journey, tickets for the round trip being fixed at \$17.75. The special train will leave Lincoln on Monday evening, May 22. It will at Kansas City be merged with the train containing the delegations from California, Colorado, Kansas and the territories; the Missouri delegation will also be on the train, and made up of those members who will spend its way to the cold water gathering at Indianapolis on the 30th inst. The train leaders in this stock, island and river trip across the river to this city. It is also given out as a cold fact that the road will build a branch from this city connecting with the Chicago, Kansas and Nebraska, for Denver. In the event, such action is taken a howl of disapproval from St. Joe may be confidently expected.

The Colorado delegation to the republican convention will it is said travel by the Chicago, Burlington & Quincy. It is said that labor unions will endeavor to boycott them as they did Mrs. James Brown Potter.

**NEW ARTICLES.**  
Articles of incorporation of the Covington, South Sioux City & Dakota street railway were filed with the secretary of state yesterday. The incorporators are: T. L. Greif, R. M. Enloe, E. R. Wilber, C. W. Wilkinson, Charles J. Clark, J. M. Moan, C. D. Smiley, M. C. Jay, Frank Hunt, A. H. Hart. The object of the corporation is to equip and maintain a street railway system within and connecting the towns of South Sioux City, Dakota City and Covington, also running a line to Crystal Lake. The capital stock of the company is \$30,000, in shares of \$100 each, and business is to commence with the subscription of stock at once.

**STATE HOUSE NOTES.**  
The board of public lands and buildings will hold a special session to-morrow to open the bids for the additional building of a deaf and dumb asylum at Omaha. The amount appropriated for the new work is \$10,000.

John Laubman, the successful competitor in the bidding for the improvement of the capitol grounds, appeared before the board yesterday and filed his bond for the work and received the amount of \$47,300.

Governor Thayer departed at noon to-day for Kearney where he will attend the closing exercises of the public schools of that city, visit the reform school and reach home Saturday evening for Sunday in this city.

Among the guests at the Capitol hotel to-day was Mr. J. T. Hoyle, in years past a citizen of the state, who held the office of United States marshal for the district from Richardson county at the time when Governor Thayer was in the senate. In the whirl of events that sent Mr. Hoyle to the senate the latter influence secured the United States marshal position for Mr. Daily of Peru to succeed Mr. Hoyle, who closed his public service with Mr. Hoyle.

At 2 o'clock this afternoon the university cadets will drill at the gymnasium, where they will go into camp, and the people of that vicinity have offered to furnish hay, fuel and similar supplies free. They will take ration along with them, and the frying pan and the black nose coffee pot will add their picturesque presence to the scene.

The portion of the parade which will be devoted to the pitching of tents and getting the camp in order. To-morrow forenoon several hours will be devoted to the pitching of tents and the afternoon there will be a drill and dress parade. Monday will be the seventh anniversary of the founding of the city of Wyoming, which is celebrated by the people of that prosperous and enterprising place, and in these demonstrations the cadets will take part. Governor Thayer will be present and deliver an address, and department commander Henry will also speak. The celebration will be closed by a sham battle in the afternoon. The cadets will come home Tuesday forenoon.

**CITY BRIEFS.**  
At the civil service examination held at the post office yesterday three were found applicants examined, one for a position in the pension department and the others for departmental services in the capitol. Three of the applicants were ladies. The examination was conducted by Mr. W. J. Vickery, of Washington.

The Lincoln base ball team started for Denver on the flyer this morning in charge of Captain Sylvester. Hob Pender, captain of the Fort Smith team that won the pennant last season, has been named as the manager and will report at Denver. He is a second and third baseman and is said to be a good fielder and batter.

An electric light wire got down on L street last night and the insulator having become thoroughly wet was useless. The result was that a horse attached to one of Ensign's hacks was twice thrown, and the driver Mike McCann was treated in the same way.

The deposits in the savings banks department of the public schools grow weekly, and that department promises to be a permanent part of it school work, including a most valuable lesson. The deposits for the present week amounted to \$144.14.

The Lincoln Chautauque circle has a very interesting programme for this evening. The session of the circle will have also the additional interesting feature of a grand social reunion, such as Chautauques are so well adapted to enjoy.

**RAILROAD NEWS.**  
A large increase in Mileage—New Equipment—Other Items.

The increase in mileage on the Union Pacific during the first ten days of May as compared with the same period in 1887, is computed at 30 per cent. This applies between Council Bluffs and Ogden. The direct cause of this is attributed to the large increase in freight and passenger traffic which has necessitated adding a number of trains of both classes.

**NEW EQUIPMENTS.**  
In a few days contracts will be awarded by

the Union Pacific company for the construction of thirty new locomotives and about five hundred freight and stock cars and a number of passenger coaches. It is understood that the Dickinson Manufacturing company of Scranton, Pa., is a strong competitor in the race for the locomotive contract. Among the freight cars will be about fifty refrigerator cars. The demand for these cars has increased wonderfully of late. In addition to being especially adapted for shipping fresh meats in summer they are invaluable in winter for transporting vegetables, as they prevent freezing very effectively. A large number of stock cars will also be built.

**HOME INDUSTRY.**  
One year ago this time the Union Pacific purchased nearly all its castings, iron and brass, at other points. At present this work is all done at the shops in this city. All the brass work is finished here and the car axles too are constructed by Omaha workmen. This speaks well for the enterprise of the management of the road.

**LET OUT FOR EQUALS.**  
A meeting of committees of the brotherhoods of engineers and firemen will convene in Chicago to-day and will be presided over by Chief Arthur. No one knows definitely what will be done at that meeting, but from those who have an opportunity of catching on to a few side remarks it is learned that the strike on the "Q" is to receive careful attention. A point-blank proposition to the management of the Burlington is to be submitted, the terms of which are that all brotherhood men are to be taken back at the rate of wages demanded at the time of the strike. In the event this is not done to officers in the brotherhood will under any circumstances handle a Burlington car, pull a passenger that has ridden on the Burlington or handle a pound of coal. This action will doubtless rock the "Q" goose to a turn.

**MR. CARRIER'S RETIREMENT.**  
Mr. C. Carrier, who for years has been the favorite city ticket and messenger agent of the Chicago, Milwaukee & St. Paul road, has entered upon an extended vacation because he will spend some months in the mountains and on the Pacific coast in search of rest and recreation.

Mr. Carrier has been succeeded by J. H. Greene, late city ticket and messenger agent of the Chicago, Milwaukee & St. Paul road, as also city ticket agent of the Union Pacific. He is well known, energetic and popular, and will be readily welcomed to his new position by many of the old friends of the road.

The position of assistant city ticket and passenger agent will be filled by W. V. Wood.

General Manager Hayes, accompanied by several other officials of the West, came in from the east Thursday night over the Rock Island in a special train. They left for Kansas City yesterday.

It is learned on very good authority that the Rock Island will soon run its trains across the river to this city. It is also given out as a cold fact that the road will build a branch from this city connecting with the Chicago, Kansas and Nebraska, for Denver. In the event, such action is taken a howl of disapproval from St. Joe may be confidently expected.

The Colorado delegation to the republican convention will it is said travel by the Chicago, Burlington & Quincy. It is said that labor unions will endeavor to boycott them as they did Mrs. James Brown Potter.

**SOUTH OMAHA NEWS.**

John Philpot, of Weeping Water, had five cars of cattle on the market. He is stopping at the City Hotel.

J. Buck came in from Crete with four loads of cattle.

W. Z. Tolson, of Ravenna, was on the market with a load of cattle.

M. Colby, of Bradshaw, had two cars of cattle on the market.

H. W. McClure, of O'Neill, had a car of cattle on the market.

M. P. Williams, of Louisville, brought in two cars of cattle.

H. Dunn came in from Eustis with two cars of cattle and one of hogs.

L. M. Gallup, of Gibson, was looking over the yards.

Exchange hotel guests yesterday were: F. J. Schromberger, L. Carey, all from Ravenna; A. W. McClure, Ord, and Russell Gates, Denver.

There is trouble among South Omaha sporting men just now. Two of them were arranging for a \$100 bet on a shooting match, and one of them deposited a \$100 bill with the stakeholder. The stakeholder refused to take the bet, and the stakeholder returned a \$1 instead of the \$100 claimed. There is trouble ahead.

Ticknor & Bogart had four loads of cattle on the market. Ticknor & Bogart had four loads of cattle on the market.

William Eikenberry came in from Union with a load of hogs.

The City Steam laundry, of Omaha, is about to build a branch office on Twenty-seventh street, just north of the new hotel.

John T. Martin is visiting his brother, J. T., and is in looking over the yards at the same time.

George Nichols was said to have been discovered as well drunk, and in consequence he was arrested.

A. Dacotto was fined \$3 and costs for getting drunk on beer and is still in the cells thinking it over.

William Volke disturbed the peace on Twenty-sixth street, and as he brought witnesses to prove he didn't the costs ran up. He paid \$11.60.

C. M. Lee hired his team out by the day, and he devoted to evade the license law. He was arrested all the same and was tried in the afternoon.

Jack Leonard, who was arrested Wednesday night, says he had \$27 at the time, and only got a few cents when he came out. Officers who searched him in the station say he was very drunk and had 99 cents when he went in, and had 99 cents when he got out. Jack says he will make it a state case, and then further particulars will be given.

**The Poll Tax.**  
Now there is trouble about the poll tax, and those who paid it last year say they don't do it again. It seems there was some defect in the ordinance governing the tax, and those who were honest paid it, while those who were not took advantage of the defect and refused. Every one who earns a living in South Omaha should pay his share for the benefits he derives, and if he don't make enough to do so the shoe will pinch him in the meantime if the city council wishes to collect the tax they should prepare an ordinance that would enable them to do it.

**Full Weight Pure.**  
The Lincoln base ball team started for Denver on the flyer this morning in charge of Captain Sylvester. Hob Pender, captain of the Fort Smith team that won the pennant last season, has been named as the manager and will report at Denver. He is a second and third baseman and is said to be a good fielder and batter.

## Inherited Diseases.

To the realm of disease the facts of the inheritance are most numerous and are daily accumulating. Here, alas, they become visible, fatal and overwhelming. No fact of nature is more prominent with awful meaning than the fact of the inheritance of disease. It meets the physician on his daily rounds, paralyzing the astute and filling him with dismay. The legend of the ancient Greeks pictures the Furies as pursuing families from generation to generation, rendering them desolate. The Furies signify their work of terror and death, but they are not now clothed in the garb of superstition, but appear in the more intelligible but no less awful form of hereditary disease.

Modern science, which has illuminated so many dark corners of nature, has shed a new light on the ominous words of the scriptures, "The sins of the fathers shall be visited upon the children unto the third and fourth generation." Instances of hereditary disease abound. Fifty per cent. of cases of consumption, that formidable scourge, are inherited. The same is true of the diseases of cancer and scrofula, run in families through inheritance. Insanity is hereditary in a marked degree, but, fortunately, like many other hereditary diseases, it can be worn itself out, the stock becoming extinct. A distinguished scientist truly says: "No organ or texture of the body is exempt from the changes of heredity, the subject of hereditary diseases." Probably more chronic diseases, which permanently modify the structure and functions of the body, are more or less liable to be inherited, which exposure to far-reaching practical deductions from such facts—affecting so powerfully the happiness of individuals and families and the collective welfare of the nation—are obvious to reflecting minds, and the best means for preventing or curing these diseases is a subject of intense interest to all. Fortunately nature has provided a remedy, which exposure, as attested as infallible, and the remedy is the world famous Swift's Specific, a pure vegetable compound—nature's antidote for the blood poisons. To the patient who is blessed of inestimable value. An interesting treatise on "Blood and Skin Diseases" will be mailed free by addressing

THE SWIFT SPECIFIC CO.,  
DRAWER 3, ATLANTA, GA.

**DON'T SCOLD**  
a man for groaning when he has Rheumatism or Neuralgia. The pain is simply awful, and it is not the ancient times was more painful than these twin diseases. But—oughtn't a man to be blamed if, having Rheumatism or Neuralgia, he won't use Athlo-phors, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not cure me of Rheumatism which was in the knee joint and shoulder. Sometimes was the pain that sleep was almost impossible. The first dose of Athlo-phors gave me relief, and the third enabled me to sleep for four and five days at a time. I continued its use, and am now well."

Send 6 cents for the beautiful colored picture, "Moorish Maiden."

THE ATHLOPHORS CO. 112 Wall St. N.Y.

**WILBUR'S COCOA-THETA**  
Easily digested; of the finest flavor. A hearty beverage for a strong drink; a delicate drink for the sensitive. Thoroughly tested; nutritious; palatable; unexcelled in purity; no unpleasant after effects. Requires no boiling.

Marion Harland, Christine Terhune Herrick, Dean A. R. Thomas, M. D., pronounce it the best of all the powdered chocolates. No other equals it in flavor, purity and anti-dyspeptic qualities.

Sold by Grocers. Sample mailed for 10 stamps.
